Q: Why become an official?

A: Football officiating is one of the greatest avocations you could ever begin. You will develop many friendships that will last a lifetime. The cross-section of the public who are football officials is vast. This cross-section means EVERYONE fits in.

Our avocation also gives you a chance to stay in touch with the game and although no one will ever get rich from officiating locally, it does put a few extra dollars in your pocket.

Q: When does registration begin and end for the MFOA?

Registration with the MFOA usually begins around the beginning of March and will end on June 30th. This is a firm deadline for all applications to be received by the Regional Supervisor. After this date has passed, registration will officially close.

Q: I have officiated football in another area, but will be moving to the Metrolina area. How can I transfer my membership?

Q: Do I have to register with the NCHSAA as a football official?

A: Yes, all officials who desire to officiate football for the MFOA must register with the NCHSAA.

Q: How much does it cost to become an official?

A: Below is a partial list of the fees/expenses:

- North Carolina High School Athletic Association (NCHSAA) Registration Fee: You must register with the NCHSAA for every sport you would like to officiate. To register, please visit www.nchsaa.org and select the officiating tab. Football registration typically begins in mid-May and end Mid-June. Please monitor your registration and do not miss the deadline.
- A registration fee paid to the Regional Supervisor in the amount of \$76.00. **ALL** officials must pay this fee during their registration process.
- Uniforms: Most stores that carry official's equipment will sell a starter package or something similar. See www.honigs.com for an example of the cost associated with uniform purchase.

Optional items included but not limited to are: insurance, camps/clinics, additional cold weather gear, etc.

Q: Do I have to take a test to be able to officiate?

A: The NCHSAA mandates that each official who plans to officiate any public school game whose school is a member of NCHSAA must pass a test administered electronically by the National Federation of High School Associations. A passing grade on the test is at least 75%. Test scores are also used to calculate an officials rating with the state. Officials must score 80% or better on the test in order to be eligible to officiate playoff games in the state tournament.

The exams are typically administered online around mid-August. Check the NCHSAA website for the exact dates. You will need to log on to exams.nfhs.org in order to take the test online
